

Moniteau School District
Network and Internet Access

STUDENT CONSENT AND WAIVER

The following form must be read by the student and signed by the student and his/her parent or legal guardian.

By signing this Consent and Waiver form, I agree to abide by the following restrictions. I have discussed these rights and responsibilities with my parent/guardian.

Further, my parent/guardian and I have been advised that the district does not have control of the information on the Internet, although it attempts to provide prudent and available barriers. Other sites accessible via the Internet may contain material that is illegal, defamatory, inaccurate or potentially offensive to some people. While the district's intent is to make Internet access available to further its educational goals and objectives, account holders may have the ability to access other materials as well.

The district believes that the benefits to educators and students from access to the Internet, in the form of information, resources and opportunities for collaboration, far exceed any disadvantages of access. Ultimately, the parent/guardian of minors is responsible for setting and conveying the standards that their student should follow. To that end, the district supports and respects each family's right to decide whether or not to apply for Moniteau district network access.

Any questions should be directed to the building principal.

The student and his/her parent/guardian must understand that student access to the district network exists to support the district's educational responsibilities and mission. The specific conditions and services that are offered will change from time to time. In addition, the district makes no warranties with respect to the district network service, and it specifically assumes no responsibilities for:

1. The content of any advice or information received by a student from a source outside the district, or any costs or charges incurred as a result of seeing or accepting such advice.
2. Any costs, liability or damages caused by the way the student chooses to use his/her district network access.
3. Any consequences of service interruptions or changes, even if the disruptions arise from circumstances under the control of the district.
4. Electronic mail (email) will be provided to every student/staff in the District. These accounts are District owned accounts and are for educational purposes only. The email account issued to the student/staff will be the only email account allowed to be accessed on the District's network.
5. With a multitude of wireless devices available, the District will not guarantee that all devices will work on the BYOD network and will take no responsibility for devices that are not compatible.
6. All devices must be registered with the Technology Department prior to accessing the network. Students/staff may have up to three devices registered at any given time.
7. The district or its employees shall not be liable for the loss, damage, misuse, theft of any personally owned device brought to school. This includes any financial charges that my results from overages to the student's/family's wireless data plan.

8. Students have no expectations of privacy in anything they create, store, send, receive or display on or over the district's Wi-Fi network.

By signing this form, I agree to the following terms:

1. My use of the Moniteau School District's network must be consistent with the Moniteau School District's primary goals.
2. I will not use the Moniteau School District network for illegal purposes of any kind.
3. I will not use the Moniteau School District network to transmit threatening, obscene, or harassing materials. The district will not be held responsible if I participate in such activities.
4. I will not use the Moniteau School District network to interfere with or disrupt network users, services or equipment. Disruptions include, but are not limited to, distribution of unsolicited advertising, propagation of computer viruses and using the network to make unauthorized entry to any other machine accessible via the network. I will print only to my local printer or to the printer designated by the teacher/school official.
5. It is assumed that information and resources accessible via the Moniteau School District network are private to the individuals and organizations which own or hold rights to those resources and information unless specifically stated otherwise by the owners or holders of rights. Therefore, I will not use the Moniteau School District network to access information or resources unless permission to do so has been granted by the owners or holders of rights to those resources or information.
6. The district or its employees shall not be liable for the loss, damage, misuse, theft of any personally owned device brought to school. This includes any financial charges that may result from overages to the student's/family's wireless data plan.
7. Students have no expectation of privacy in anything they create, store, send, receive or display on or over the district's Wi-Fi network.
