What starts here changes the world.

8/31/2020

Dear Parent/Guardian:

Welcome to the start of what we anticipate to be another fantastic school year. Congratulations to the class of 2021 and welcome to the class of 2033.

As we begin the new school year we have some friendly reminders about your student's transportation as well as some new information regarding COVID-19 procedures.

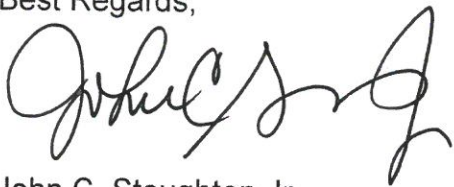

Please have your student at the bus stop at least ten minutes early each day. Drivers do their best to maintain the same time schedule but various things could happen.

We do have some changes for this year. They are as follows:

- All students on all buses will have an assigned seat. This will be for both morning and afternoon runs. Students will be required to sit in this seat.
- Students will be required to wear a face covering at all times on the bus. Students may pull the mask down if needed for a breath of fresh air, but the face covering should remain on, covering both their mouth and nose.
- Students that live together and/or have the same baby sitter will have assigned seats together.
- Drivers will have a varied loading procedure. Please listen to your driver and follow their instructions. The back of the bus will be loaded first each morning.

If you have any questions or concerns please contact me using anything of the contact below methods.

Best Regards,

John C. Stoughton Jr.

Director of Transportation/ Athletic Director
